

### Benefits of Our Air Sanifiers®

#### Up to 99% Allergens

Don't let allergies win! Air Oasis air purifiers can greatly reduce the amount of mold spores, pet dander, dust mites, and other allergens in your home.

#### Up to 99% Odors

Get rid of unpleasant smells and breathe easier. Our products can eliminate the volatile organic compounds that cause offensive odors in the home.

#### Up to 99% Mold

Studies conducted at West Texas A&M University showed that Air Oasis air purifiers can greatly reduce the amount of mold spores in the air.

#### Up to 99% Germs

Your home could be germ-free! Our air purifiers emit specific wavelengths of ultraviolet light that are effective in killing airborne germs.

#### No Filter

Air Oasis air purifiers are more efficient in ridding the air of contaminants than a HEPA filter.

#### Maintenance Free

Air Oasis products are long-lasting and require very little maintenance.

#### Energy Efficient

Our air purifiers operate on only a fraction of the energy that other products use.

#### Long Range

Sanitize large areas without taking up lots of space with our compact air purifiers.

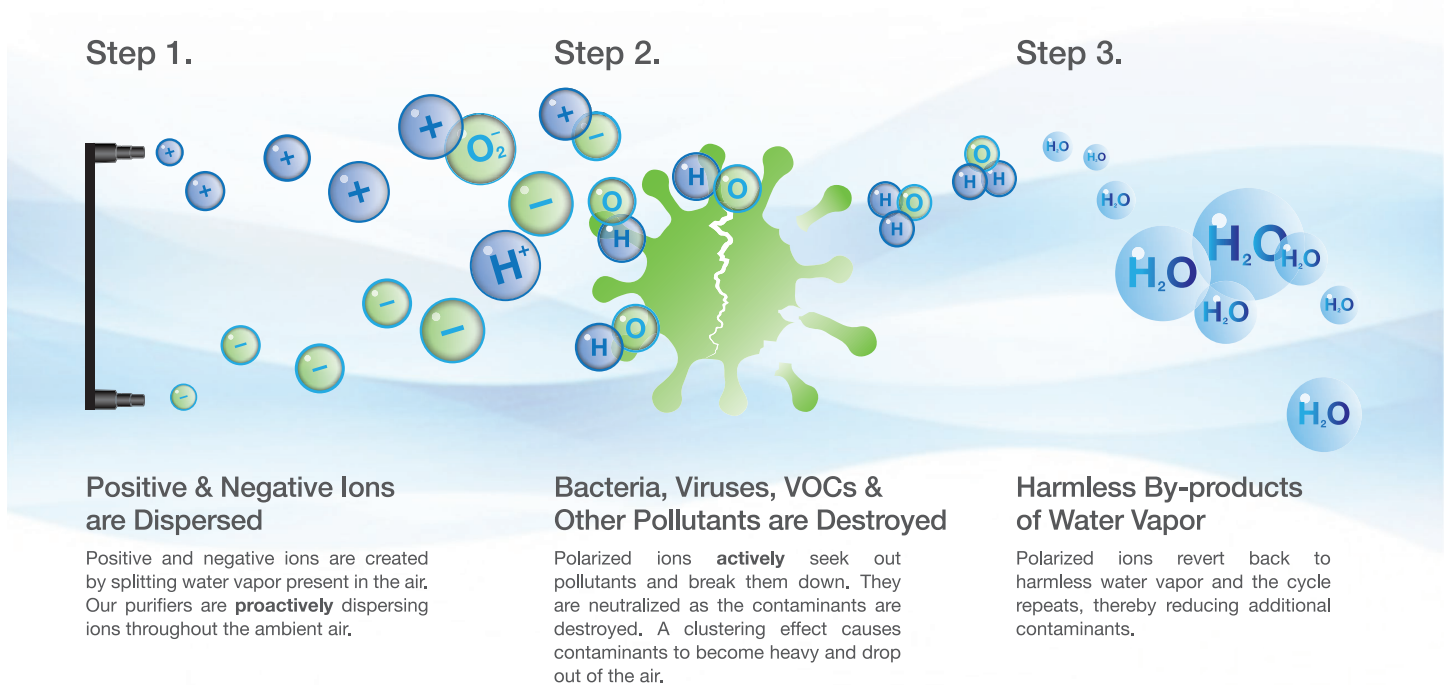

The Bi-Polar 2400 plasmacluster air purifier is a small unit about the size of a mobile phone that easily installs into almost any air conditioning unit. It quickly reduces allergens caused by mold, bacteria, and viruses and replaces the contaminants with healthy, breathable air. This positive and negative ionizer also removes harmful volatile organic compounds (VOCs), particulates, smoke, pollen, dust, static electricity, and much more. It is the best choice for customers interested in an environmentally friendly way to easily eliminate indoor air contaminants. Our ionizer air purifier is durable, made in the USA, and comes with a three-year limited warranty.

## How It Works

The Bi-Polar 2400 model uses cold plasma technology that splits water vapor into positive and negative ions that are discharged into the air. These ions attach themselves to allergens such as smoke, dust, pollen, dander, and much more. The particles continue to bond to each other until they are heavy enough to drop out of the air and collect in filters. The positive and negative ions attack odors and other contaminants and convert them into oxygen, water vapor, and carbon dioxide, neutralizing odors and greatly improving your Indoor Air Quality (IAQ). The Bi-Polar 2400 ionizer air purifier prevents allergens from reproducing by removing hydrogen and disrupting the DNA of the pathogen. As an added benefit, static electricity is quickly reduced!

## Ordering With Us

When you buy a plasmacluster air purifier with Air Oasis, you can rest assured that you're in good hands. Each of our Air Sanifiers® is carefully hand-assembled in our Amarillo, Texas, factory and goes through a rigorous quality inspection process. Our quality management system ensures that every customer receives only the best products possible. In addition to assembling our units by hand, we also create many of our own components. When we need to purchase components from another factory, we try to only utilize other American manufacturers. With this level of control, we are able to ensure the absolute best products for our customers.

We've worked hard to build the best scientific and creative team to put us ahead of the game in the air purification field. Jeff Bennert Ph.D., C.T.N. has more than 20 years of experience in the health and air purification industry. As a worldwide lecturer and co-author of several books, Dr. Bennert has been a valuable asset to Air Oasis as we continue to learn and grow. On our website, you can browse through many testimonials from satisfied customers to learn about the benefits of our Air Oasis units. If you have any questions or concerns, feel free to call us at 1-800-936-1764 or email us at [feedback@airoasis.com](mailto:feedback@airoasis.com) to speak with a representative.

### Features

- *Installs directly inside AC units*
- *Filterless*
- *Aerodynamic design*
- *Built tough to outlast your air conditioner*
- *UV resistant polycarbonate*
- *Zero replacement parts*
- *Ozone & chemical free*
- *Covers up to 2400 CFM*
- *Low maintenance*
- *100% Made in America*

## Product Specifications

<b>Product Name:</b>	Bi-Polar 2400		
<b>Model Number:</b>	BP2400-24	BP2400-110	BP2400-220
<b>UPC:</b>	854663003300	854663003324	854663003317
<b>Electrical Specs:</b>	24 VAC 10 WATTS	110-120 VAC 10 WATTS	208-277 VAC 10 WATTS
<b>Product Dimensions:</b>	Not Packaged: 2" x 5" x 1.3"	Packaged: 9" x 6" x 4"	
<b>Weight:</b>	Not Packaged: .25 lbs	Packaged: 2 lbs	
<b>Coverage:</b>	Up to 6 tons (2400 CFM)		
<b>Materials:</b>	polymers		
<b>Working Temp:</b>	0°-150°F		
<b>Warranty:</b>	3 year limited		
<b>Electrical Safety:</b>	UL listed		
<b>Country of Origin:</b>	Made in the USA
